

# Pajero Sport gets down and dirty

■ TWO dozen Pajero Sport owners put their own cars through the paces at a recent event called the Heart-in-Mouth boot camp organised by Hindustan Motors-Mitsubishi at Wonder valley in Bangalore. A 4km track was devised along a naturally hilly area, which had steep climbs, downhill

gradients and mud traps. The participants took their cars around the track in a bid to test the capabilities of the Pajero and all cars emerged unscathed. The event was inaugurated by P Vijayan, chief operating officer and strategic business unit head of HM's Chennai car plan.
