

All new 2012 Mitsubishi Outlander

HINDUSTAN Motors recently introduced an upgraded Mitsubishi Outlander 2012, the stylish and sophisticated SUV that was launched earlier in 2010.

Outlander's 2.4-litre engine delivers 170-PS power and 226-Nm torque making it apt for both on-road and off-road driving. The feature-rich Outlander offers smart specifications such as keyless operating systems, highly capable Rockford Fosgate premium 710 watt music system with 6 CD changer and USB port, row seating with tumble function, split tail gate, paddle shifters and cruise control.

High contrast meter combination, leather upholstery and 3-spoke leather wrapped steering wheel with audio controls in the interior enhance the style and luxury quotient of the vehicle. In the exterior, the jet fighter type front grill complements the suave and stylish look of the vehicle besides HID headlamps with AFS. ABS and EBD along with RISE (Rein-

forced Impact Safety Evolution) body and dual frontal airbags make the Outlander an extremely safe vehicle.

The vehicle's two additional rear seats, particularly for children, make it an ideal vehicle for a complete family. It is priced at ₹ 20.55 lakh (ex-showroom Delhi).

Quality By Choice Not By Chance
