

## **Mitsubishi Cedia 2012 sedan launched in India at a price of Rs 8.9 lacs by Hindustan Motors, RushLane, July 11**

Hindustan Motors has launched the all new Mitsubishi Cedia sedan in India at an ex-showroom price of Rs 8.9 lacs. The new Cedia Select 2012 features a host of new features which according to HM, has transformed the car into a power-house of communication-on-move. Powered by a 2.0L petrol engine generating 115 PS and 175 Nm torque, the new Cedia comes with 12 spoke alloys, 3 spoke black leather wrapped steering wheel and oyster leather seats.

2012 Mitsubishi Cedia Select 2012 now offers you Android 2.3.3 powered MapmyIndia, CarPad – a 7" TFT-HD (800x480) Capacitive Touch Screen, which is a tablet phone with 3G navigation and car-kit. Powered by Snapdragon and Android OS, it is the ultimate tablet experience in your car, and beyond. It comes with a 12V supply for charging its 4200 mAh battery which has a talktime of 7 hrs and charging time of less than 5 hours.

Key Features of MapmyIndia CarPad include Live turn-by-turn voice guidance to places, 3D landmarks, house-level details, travel guides, nearby information, friend finders, Bundled Car Kit with head-rest and windshield mounts, for use in the car's back or front seats, Call, message, mail and chat, browse the web, use social networking sites using in-built 3G, Wi-Fi and Bluetooth, Listen to music, watch movies and YouTube, flip through photos and Flickr, and record videos.

Apart from this, 2012 Cedia Select features a Kenwood DVD player which has 4 speakers and is operated using the 6.1" touchscreen interface compatible with GPS, Bluetooth, USB and can be connected to the rear view camera, making driving safer.
