

Mitsubishi Pajero rally heart-in-mouth captive lovers car of Delhi, Car Blog, August 29

A Pajero make his way in the slush

Hindustan Motors-Mitsubishi much expected and the famous Pajero heart – mouth rally today fascinated automotive enthusiasts in the national capital region. Adventurous sports event and adrenaline of vehicle (SUV) utility came in the wake of his first sleeve has recently organized successfully in Ludhiana.

The rally was organized to provide the legendary Mitsubishi Pajero owners a unique opportunity to explore and experience of off-road construction exceptional capacity of iconic SUV that has the unique feature of having won the most difficult car driving contest of the world, rally Dakar, of 13 times.

A large number of Mitsubishi Pajero owners and SUV aficionados of in and around the NCR gathered here to expose their medium-sized machines to the challenge of extremely difficult driving conditions. More than 40 Pajeros and a dozen Mitsubishi Monteros was part of the demonstration which has been reported off the coast of Tivoli Gardens, Chhattarpur Hills, Mehrauli in 09 the participants experienced 42 kms of intense off-road driving conditions and extreme terrain Rocky, rugged, including roads, mud, slush, up-hill gradients and descents etc.. Some prominent landmarks along the rally route Pajero were axis Faridabad-Gurgaon-Sohna, Crusher area, Mohtabad village etc. Speaking on the occasion, Yoshiaki Wada, head-Marketing of HM – Mitsubishi and Channel development, said, “Pajero has reached a status of worship around the world with its owners forming of groups and clubs of Pajero in large numbers.” The idea behind organizing the gathering Pajero heart-in-mouth is together lovers of this incredible vehicle on a common platform where they can bond and share their experiences Pajero. Delhi is an important market for us and we have a strong customer base for Pajero here. Wait, the output is very encouraging. We organizes rallies similar to Vadodara, Pune, Coimbatore and Bangalore in the coming months. »

The rally of the heart-in-mouth, which is approved by Federation of Motor Sports Club of India (FMSCI), a Cougar Motorsport partner off-road construction which managed whole rally of today to the recognition in advance to the route planning, clients of information on the disk, support with drivers of the experts, to assist with vehicles of relief etc..

Mitsubishi Pajero uses substantial of steel high-voltage strong but lightweight panels that give his all-terrain rigidity of sleek, contoured body. This organization of mounting on a scale with ties framework increases for increased stability and turnover more overall torsional rigidity. Completing the package robust is of power-train components, suspension and body specially designed to withstand competition from world-class rally.

“Until now I used my Pajero two years mainly for city driving.” It was the first time, I participated in an event of this scale. “It was in fact a life experience, take the car through the dangerous driving conditions and discover its amazing toughness non-construction of roads and grit”, emerges a visibly delighted Telecom, Amit Dey professional.

“I am a rally enthusiast and participated in many rallies organized in the Himalayas and the desert regions with my Mitsubishi Montero. He never failed me. Its magnificent power quotient of comfort of the car is indisputable. It acts as a boon in difficult conditions. “In fact, my Montero was hoisted on several SUVs other firms in many rallies,” said a Yogesh rather perplexed, Bansal, who runs a business of clothing at Patel Nagar here.
