Outlander was also associated with celebrated fashion designer Neeta Lulla's exclusive grand finale collection in the Bangalore fashion week in February 2011. No wonder, Outlander has become synonymous with high fashion in India. The recently concluded Delhi Couture Week (July 22-25, 2011) also witnessed an exclusive Outlander enclosure and a fleet of Outlanders ferrying models and celebrities to the venue.

Following are the features of Outlander Chrome limited edition:

- Large rear spoiler improves the aerodynamics of the Outlander and enhances its sporty looks. Rear spoiler augments high speed stability of the vehicle.
- Chrome-plated outside rear view mirror improves the style quotient and contemporary aesthetics of the Outlander.
- Body-coloured side protection moulding protects the side body from scratches and enhances its muscular looks and yet retains chic looks.
- Side skirts with chrome inlays enhance the sporty attitude and improve stability and add flair.
- Roof-mounted DVD player provides 9 inch wide crystal clear TFT screen with swivel action and full function remote. With Rockford Fosgate Music System watching movies can never be as exciting.
- LED floor illumination lamps will provide the front driver and passenger sides nine different floor illumination combinations which make Outlander interiors even more inviting and exciting during night.
